Google Earth: ïîøóê óêðàþíñüêèõ ïàìºòîê ³ ³íøå ³íîçåìíå ïîäîðîæ

Google Earth is a free program from Google that allows you to explore the entire planet in 3D. Satellite images, maps, terrain, 3D buildings, and even space are all available in one application. Ukrainian users can also find many interesting places, including historical monuments, museums, and natural landmarks. This guide will help you find Ukrainian monuments in Google Earth using simple methods.
